

Unlock Your Full Potential: Elite Career Coaching for Success

Career Development Coaching -

Ideal for professionals seeking advancement within their current roles, this service helps clients set clear goals, develop necessary skills, and increase engagement in their work.

Interview Coaching -

This service prepares clients for job interviews through resume updates, mock sessions and tailored feedback. Coaches provide strategies to improve presentation skills and confidence during interviews.

Wellbeing Coaching -

Addressing work-related stress and burnout, wellbeing coaching supports clients in achieving a healthier work-life balance while maintaining productivity and job satisfaction.

The program for a candidate will consist of four distinct sessions: an introductory session combined with a real-time experience walkthrough focusing on the Software Development Life Cycle (SDLC), a session dedicated to interview best practices (dos and don'ts), and two separate mock interview sessions.

Session Breakdown

1. Session 1: Introduction & Real-time Experience

Walkthrough in SDLC

This session will cover the fundamentals of the Software Development Life Cycle and provide a practical walkthrough of real-world experiences within its various phases. This is crucial for understanding the context of software development in a professional setting.

2. Session 2: Interview Dos and Don'ts

This session will focus on essential strategies and common pitfalls to avoid during job interviews. It will likely cover aspects such as communication skills, common interview questions, and professional etiquette.

3 & 4. Sessions 3 & 4: Mock Interview (2 sessions)

These two sessions are dedicated to simulated interview experiences. Participants will have the opportunity to practice their interviewing skills in a controlled environment and receive constructive feedback, which is vital for improvement.
